Thank you for taking time to learn about us through this Opportunity Profile for the position of President of Kuyper College. We hope that it will provide you with a full understanding of our role in Christian higher education, as well as the qualities and characteristics we seek in our next leader. We are dedicated to advancing our mission and trust that God will provide the right person who, with a compelling vision for the future, will lead the college into a new era of growth and impact.

Kuyper College has a wonderful heritage of preparing students to integrate their faith with their work every day, no matter what profession they choose. We have celebrated God's grace and provision for over 75 years as we have equipped students to serve Christ's church around the world.

We also celebrate our purpose for leadership transition at this time. Our current President, Dr. Nicholas V. Kroeze, who will be retiring in 2017, has faithfully served the college for 22 years. INTRODUCTION

Located in Grand Rapids, Michigan on a beautiful 34-acre campus, Kuyper College is committed to equipping its students academically, spiritually, socially, and morally—helping them become Christ-centered leaders who live out their faith by being the heart and hands of Jesus Christ to the world. Founded in 1939 with a Reformed theological heritage, Kuyper is an engaging and authentic community of students, faculty, and staff characterized by excellence in academic programs, acceptance of each other, and open doors.

Kuyper equips its students to be the best possible ambassadors for Christ in whatever professions they choose. One way it does that is through their unique double major program. Every Kuyper student can graduate with a double major, one in their chosen major and another in Bible and Theology, without adding time or cost to their education. In addition, most students participate in internships and/or study-abroad programs. This allows students to apply the knowledge and skills they've acquired in the classroom to everyday situations, helping them begin the transition from the theoretical to the practical before they graduate.

The Kuyper community is distinctive. Students, faculty, and staff from various cultural and denominational backgrounds experience authentic relationships inside and outside the classroom. There is a spirit of hospitality, professionalism, and collegiality on the Kuyper campus that is palpable. As such, the community is eager to welcome a President who will embrace Kuyper's rich history and value its warm spirit.

Following Dr. Nicholas Kroeze, the next President will also lead Kuyper through an important time of both strategic and tactical planning. Therefore, the college seeks a visionary leader, someone who understands Kuyper's opportunities and challenges and is eager to lead the institution into the next phase of its development. The Board of Trustees is looking for an individual who is motivated and drawn to the external aspects of the presidency and who will bring innovative thinking toward expansion of the college's mission and influence. Without question, the next Kuyper College President needs to be outgoing and personally engaging with all Kuyper stakeholders and the West Michigan community.

We invite you to learn more through this Opportunity Profile. For more information about Kuyper College, please visit the website at www.kuyper.edu.

MISSION & VALUES

MISSION

Kuyper College equips students with a biblical, Reformed worldview to serve effectively Christ's church and His world.

CORE VALUES

PRIMACY OF SCRIPTURE

We believe that the Bible is the Word of God and must guide our teaching, philosophy, life-style, and response to our ministry or vocational calling.

BIBLICAL WORLDVIEW

We believe history is directed and controlled by God—Father, Son, and Holy Spirit—toward the accomplishment of God's purposes for all creation. Education at Kuyper College is conducted within the framework of a biblical worldview from which students can assimilate, synthesize, and respond to situations of life and learning.

REFORMED DOCTRINE

We understand and apply our faith and worldview according to the teachings of the Bible as summarized in the Heidelberg Catechism, the Canons of Dort, the Belgic Confession, and the Westminster Standards.

ACADEMIC EXCELLENCE

We emphasize the importance of cultivating the mind by providing quality, Christian higher education.

HOLISTIC DEVELOPMENT

We strive to form world-class citizens who are academically, spiritually, socially, and morally discerning, just, and merciful leaders in church and society.

CARING COMMUNITY

We actively work toward a campus environment, denominationally and ethnically diverse in nature, where mentoring, mutual care, accountability, and encouragement are characteristic of students, faculty, and staff.

STATEMENT OF FAITH

SCRIPTURE

We believe that the Old and New Testaments are the inspired, infallible, and inerrant Word of God, our final authority in matters of doctrine and practice.

GOD

We believe that God is one being—infinately just, wise, good, loving, holy, and existing eternally in three persons: Father, Son, and Holy Spirit. He is the sovereign creator of the universe and by his providence sustains and rules all that he has made.

HUMANITY

We believe that people were created in the image of God but fell into sin through the disobedience of Adam and Eve. As a result of the Fall, all people are born sinful and in need of salvation.

JESUS CHRIST

We believe that Jesus Christ is fully divine and fully human and that he saves his people from their sin by his life, death, and resurrection.

SALVATION

We believe that sinners are justified by grace through faith on the basis of the finished work of Christ (his death and resurrection) and persevere in this life by the power of God.

THE HOLY SPIRIT

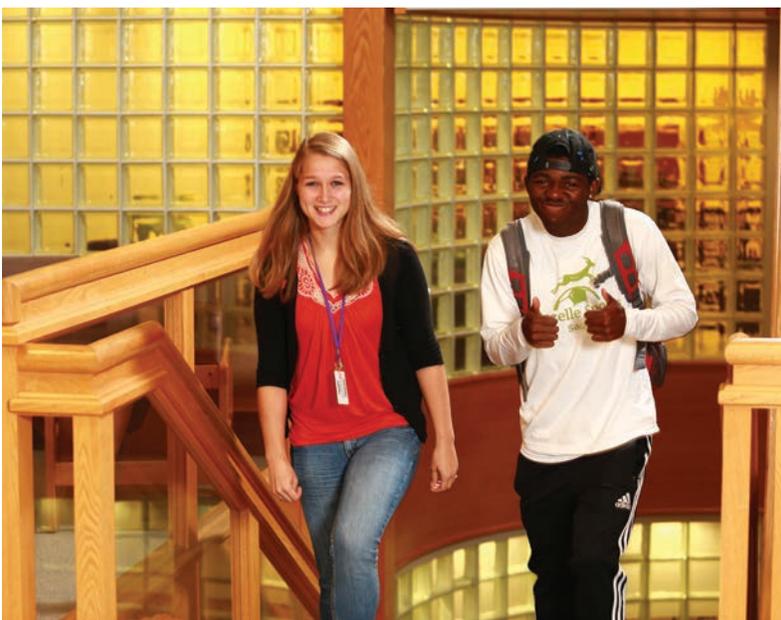

We believe that the Holy Spirit regenerates sinners, indwells believers, and enables them to live godly lives and to use the spiritual gifts he has given them.

THE CHURCH

We believe that God is calling people from the whole human race to believe in his son, Jesus Christ. They enjoy the protection of God and fellowship with each other in communities of faith until Jesus returns.

THE FUTURE

We believe that Christ is ruling now over the church and the world through his Word and Spirit. He will return to judge the living and the dead and to renew the whole creation.

HISTORY

of Kuyper College

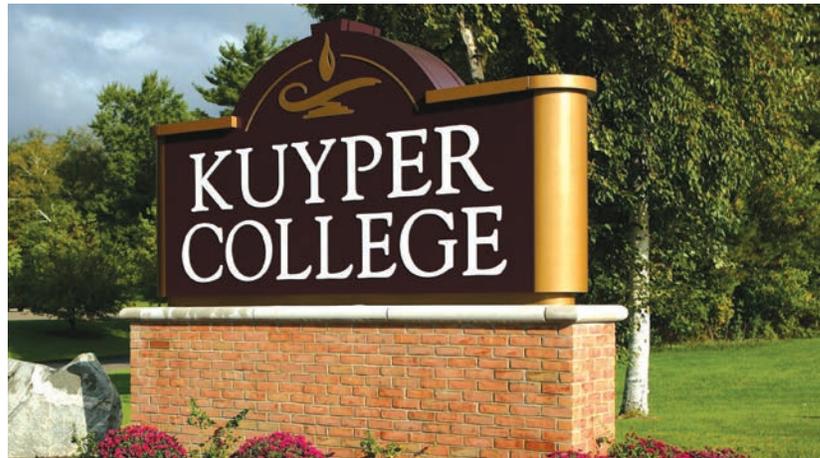

The rich heritage and unique mission of Kuyper College can be traced to its founding in 1939 as Reformed Bible Institute (RBI). RBI had a very clear focus as an institution to provide solid training in the Bible and preparation for ministry or service. This institution would meet unmet needs within the local community by filling a niche and providing an education in a setting that was neither a liberal arts college or a seminary.

In 1970, after an almost five-year redesign of curriculum and programs, the Department of Education of the State of Michigan gave the school the right to confer a four-year Bachelor degree. As a result, RBI changed its name to RBC—Reformed Bible College. During that time, students came for reasons of personal spiritual enrichment, focused study toward a specific ministry, and development of skills for serving in volunteer roles in the church or service agencies. RBC established the requirement that all four-year graduates would have a major in Bible and Theology as well as a major in their career track. Even then and continuing through today, the college was concerned that its education not be isolated from practical experience so internship opportunities became an important part of the student experience.

In 1995, RBC received North Central Association accreditation, setting the college on the road to higher academic standards to prepare leaders for the church. And in 1997, RBC was granted authority to offer a Bachelor of Science degree, moving the college toward broader ministry, vocational, and ministry-related professional offerings.

On April 20, 2006, as a reflection of Kuyper's mission and vision, and in response to global needs and strategic priorities, the college restated its position and changed its name from Reformed Bible College to Kuyper College. The college has developed from being a Bible college to a ministry-and service-focused Christian leadership college. This "mission-enabling" term accurately describes the unique mission and vocational programs of the college. This term also completely integrates with Kuyper's Reformed worldview and with today's students who desire a well-rounded biblical and vocational college experience that sees all of life as being instrumental in discovering God's glory, communicating these truths to others, and honoring the Lordship of Jesus Christ.

The college continues to build on the strong foundation established first as RBI, and later as RBC. Kuyper has moved from being an institute of Bible, Theology, Evangelism, and Missions to being a Christian Leadership College rooted in developing and applying a Reformed worldview in every area of life: seeing every vocation as a Christian vocation. Today, Kuyper College has a total enrollment of about 250 students and offers a wide variety of degree programs and 15 study-abroad opportunities, each one intentionally designed to meet students' desire to be the "heart and hands" of Christ. The college seeks to place graduates in ministry and professional areas of leadership around the world to meet the spiritual and social challenges that exist today. This is the essence of Kuyper's purpose, the essence of its identity: "Bringing God's grace into today's culture."
